

ABOUT ME

Hey there! I'm a UNJ student, majoring in D4 Automation Engineering Technology. I'm deeply into IT and love coding, with a knack for programming languages. When I'm not coding, you'll find me enjoying simulation games, which resonate with my interest in complex systems. I'm all about learning and embracing challenges. Whether it's mastering new tech or tackling tough problems, I thrive on growth. I'm a good listener, valuing insights from others. This quality fuels my ability to be a team player. I'm excited to contribute my skills and passion to meaningful projects. If you're looking for a tech-savvy, adaptable team player, let's connect and make things happen!
